SUMMARY

Creative and detail-oriented UI/UX Designer and React Frontend Developer with hands-on experience with 5 years designing user-centered interfaces in Figma and Adobe XD and translating them into responsive, production-ready websites and web applications using HTML, CSS, JavaScript, Bootstrap, React, and Next.js. Skilled at wireframing, prototyping, visual design (Photoshop, Illustrator), and building fast, accessible, component-based frontends. Comfortable working across the full product cycle, from user research and wireframes to pixel-perfect, responsive React implementations, including WordPress-based builds for content-driven sites.

TECHNICAL SKILLS

- **Product Thinking:** End-to-End Product Design, Product Strategy, Design Thinking, User-Centered Design, Customer Journey Mapping, Information Architecture, User Flows, Wireframing, Prototyping, Interaction Design, Visual Design
- **Research & Validation:** User Research, Usability Testing, Heuristic Evaluation, Competitive Analysis, Journey Mapping, Persona Development, A/B Testing, Research Synthesis
- **Execution:** Interaction Design, Prototyping, Information Architecture, UX Writing
- **Systems & Scale:** Component Libraries, Design Systems, Design Documentation, Accessibility (WCAG 2.1), Responsive Design, Design Specifications
- **Tools:** Figma, FigJam, Miro, Adobe XD, Photoshop, Illustrator
- **Technical:** HTML, CSS, JavaScript, React, JavaScript (ES6+), Next.js, Bootstrap

PROFESSIONAL EXPERIENCE

UI/UX Designer & Frontend Developer

Feb 2025 – Present

Walmart– Mississauga, ON

- Led end-to-end redesign of a multi-category e-commerce platform, conducting user research and competitor analysis to define key UX improvement areas.
- Designed high-fidelity wireframes and interactive prototypes in Figma covering product listing, cart, checkout, and account flows.
- Created a reusable design system (color palette, typography, components) in Adobe XD to ensure visual consistency across 40+ screens.
- Converted approved designs into responsive, pixel-perfect HTML5/CSS3 layouts optimized for mobile, tablet, and desktop.
- Built dynamic UI components using React.js and Bootstrap, improving page interactivity and reducing load-related bounce rate.
- Implemented client-side form validation and cart logic in JavaScript, streamlining the checkout process and cutting cart abandonment.
- Edited and optimized product imagery and banners in Photoshop and Illustrator for faster page load and consistent branding.
- Collaborated with backend developers and QA to test, debug, and deploy the redesigned platform, improving overall conversion rate.

Tools: Product Design, Figma, UX Research, HTML5 & CSS3, JavaScript (ES6+), React.js, Next.js

UI/UX Designer

Dec 2023 – Feb 2025

Alayacare, Montreal, QC

- Designed the end-to-end user experience for a healthcare appointment booking application used by patients and clinic staff.
- Conducted user interviews and created personas and user journey maps to identify pain points in the existing booking process.
- Produced low- and high-fidelity wireframes and clickable prototypes in Adobe XD for doctor search, booking, and reminders flows.
- Ran usability testing sessions and iterated on designs based on feedback, improving task-completion rates for appointment booking.
- Delivered a detailed design handoff (specs, assets, style guide) in Figma to streamline collaboration with the development team.
- Designed accessible UI patterns (color contrast, readable typography) to support elderly and first-time users.
- Created custom icon sets and illustrations in Illustrator to simplify complex medical information for end users.
- Partnered with developers to review implemented screens against design specs, ensuring visual and functional accuracy.

Tools: Enterprise SaaS, Product Design, User Research, Figma, Agile, WCAG

Jr. UI/UX & Graphic Designer

June 2022 – Oct 2023

WebClues Infotech – Ahmedabad, India

- Designed web and mobile interfaces for enterprises, healthcare, education, and business applications.
- Worked closely with product managers and developers to translate requirements into intuitive digital experiences.
- Produced wireframes, interactive prototypes, UI designs, and design documentation using Figma and Adobe XD.
- Contributed to reusable design systems and consistent interaction patterns across multiple client products.
- Participated in Agile development cycles, design reviews, and developer handoff activities.

Tools: Figma, Adobe XD, Illustrator, Photoshop, Jira, Agile

UI/UX Designer Intern

Oct 2021 – March 2022

JVS Technology – Ahmedabad, India

- Designed mobile-first interfaces and interactive prototypes using Figma.
- Conducted competitor analysis and usability evaluations to improve user experience.
- Assisted with WordPress development while maintaining visual consistency and accessibility standards.
- Collaborated with senior designers throughout research, ideation, and implementation phases.

Tools: Figma, Adobe XD, Illustrator, Photoshop

EDUCATION

Bachelor's in Information Technology, Gujarat Technological University

Jun 2018 - Jun 2022
